CONG. H. A. BARNHART GETS GREAT OVATION

Hail Packed; Many Unable to Gain Admission; Delivers Splendid Address.

Mishawaka democracy asserted itself last night in way not to be mistaken, when Congressman H. A. Barnhart spoke for almost two hours to the largest audience of the kind assembled in the city in many years. It was estimated that 700 persons were in the old Methodist church, of whom nearly 200 were forced to stand during the entire meeting, while many were turned away, unable to get into the building. It was a demonstration such as is seldom accorded a member of any administration, and an eloquent tribute to the worthiness of Mr. Barnhart in the eyes of his constituents, and to the country's president, Mr. Wilson.

After the introduction to the audience by I. K. Parks, who occupied the chair, and acknowledging his gratitude for the magnificent audience, as he termed it, the congressman launched forth in one of the most logical and convincing speeches he has ever made. His reference to the various phases of work done by the present administration at Washington, his pointed periods and his refreshing epigrams, drew forth the plaudits of the audience from time to time. He referred to the rural credits law which he said put the farmer on an equal footing with corporations in the matter of low rates of interest on loans. The Underwood tariff law, the income tax, the question of pensions, the shipping bill, the child labor bill, the eight hour law, and many such phases of legislation as had been carried through by the administration, were touched upon in such a way as to enthrall the audience to a high pitch.

With the elections only two weeks away, he declared there wasn't a wobble in the industries of the country, notwithstanding the frequent predictions of disaster by the republican stand-patters who claimed that the prosperity of the country at the present time was only a bubble and that it would explode with a great crash. He dilated on the new era of prosperity with which the country had been endowed since the advent of Mr. Wilson to power, and predicted that with a continuance of that party at Washington there would be no let up to the wholesome legislation which the president had already accomplished. There had been charges that Wilson had wobbled, but he had wobbled right. The republican leaders wanted office, and they wanted it bad. While deprecating much that the president had accomplished, they were at a loss to offer any legislation that would be an improvement or even equally as good as that wrought about by the present administration. Much of it had been of a progressive nature and for the welfare of humanity and the country at large.

He instanced the many complex problems that had confronted Mr. Wilson since he assumed the presidency, paying a touching tribute to the splendid and whole souled character of the man.

In his peroration, Mr. Barnhart drew a beautiful pen picture of the horrors of war, and touched on the absolute neutrality of the president which had been demonstrated time

and again since the great European conflagration has started.

The Woolen Co. band and the democratic drum corps supplied the music for the occasion. Many women were in the audience, and were as enthusiastic in their appreciation of the address as were the men folk.

For two hours previous to the meeting, Congressman Barnhart held a reception in the rotunda of the Hotel Mishawaka, and was greeted by many callers who assured him of their support.

Several prominent local democrats and candidates for office came over from South Bend and occupied seats on the platform.

PREMONAS BATTLE AT ELKHART SUNDAY

Considered One of Season's Biggest Games; Big Crowd to Accompany Team.

Manager Ellsasser and his fighting lot of football artists, the Premonas, will invade Elkhart Sunday to do battle with Athletic association team of that city. The game is considered one of the crucial contests of the season. Both teams are strong contenders for the championship in this part of the state, and the best game of the season is expected. Although the odds favor the Elkhartians, as they have defeated the Silver Edge eleven of South Bend and tied the Jolly Fellow club, both of those teams beat the locals by close scores, the backers of the association players are not inclined to give bets favoring their team. The Elkhart team played a 7 to 7 score tie here three weeks ago. Since that time the Mishawaka "moleskin pluggers" have improved remarkably and victory would not come as a surprise Sunday. Arrangements have been made for a special car to leave the Northern Indiana railway station at 12:30 o'clock. All those wishing to accompany the team can secure tickets from the players.

MISSIONARY TALKS TO BAPTIST LADIES

Mrs. Bertha I. Beeman, a former resident of this city, now a missionary among the Hopi Indians, at Trovira, Ariz., gave an interesting lecture of her experiences at an open meeting of the Woman's Missionary society held in Winery hall, Wednesday afternoon.

The committee in charge of the meeting was composed of Mrs. E. W. Kohl, Mrs. George Frank, Mrs. Ed Hoose and Mrs. J. R. Rundell.

AT THE TEMPLE.

"The Scarlet Runner," the Mile-A-Minute motor series starring Earle Williams and which starts today at the Temple theater, is from the novel of the same name by the famous story-teller, C. N. and A. M. Williamson, authors of "The Lightning Conductor" and many other popular books of the day.

This series is released in 12 episodes of two parts each and each is a masterpiece of production and dramatic art. Perhaps no other film favorite could better play the role of Christopher Race, owner of the speedy machine which he calls "The Scarlet Runner," than Earle Williams.

There are no impossible happenings in this series of motor mysteries at the Temple theater every Thursday. Tyrone Powers in "Aristocracy" makes up the balance of the bill.

WHEN WILL CITY GET NEW CONVENIENCES?

Board Takes Many Long Trips But Is Very Slow to Act.

It's mighty hard for a busy business man to leave his work and wander about the country—working for the city. However members of the board of safety, Councilmen N. J. Lowman, J. H. Nettleson and J. H. Nettleson seem to have plenty of time. Of course Mayor Ralph Gaylor chaperones the party—it costs them nothing, why should it? They're doing it for the city's benefit—to get the new conveniences, a patrol ambulance and fire hook and ladder, which Mishawaka needs so badly. Last Sept. 25 the bids were received for both vehicles. Oct. 16, was the date decided upon to choose. In the meantime many trips were taken to Wisconsin, to Michigan and through Indiana, all to examine the different makes. Oct. 16 came. The board took the matter under advisement for one week. Last Monday they decided to reopen bids on the patrol and put off selecting the fire machine until next Monday when they might make their choice—and they might not. And now a trip to Kalamazoo is being contemplated. That city has ordered two White motor car fire conveniences. That's the reason of the trip.

The city is badly in need of both machines, especially the patrol. The police now must take their prisoners to the station from wherever they arrest them. Sometimes they're drunk, then it means carrying them. Several times within the last two weeks, it has required two policemen and another city official to get drunk to the station. It's a great deal of trouble. It means the streets unprotected during the time occupied in bringing the prisoners to the station and it certainly does not enhance the beauty of the thoroughfares, dragging a sloppy drunk down them. Another reason why the patrol is needed is for hurry up calls. Many times when the police get called they miss the law-breakers on account of their inability to get to the spot quick enough. And—after a month's haranguing over the patrol bids, they have been reopened and no choice will probably be made for another month to come.

DATE IS SET FOR BIG WRESTLING BOUT

Nov. 1 has been set for the biggest wrestling bout ever arranged for in Mishawaka. That night at the Century theater Tom Tenneman, touted as the Illinois champion, will battle from Chicago, will tackle the local star, Adren "Kid" Ross in a finish match. Tenneman comes to Mishawaka with an enviable record. Ross is also known as a first class grappler. Claiming the Indiana championship in the middleweight division and with a record of victories over some of the country's best he will give the Illinois wrestler a real workout. The "Kid" is diligent training for the coming bout and is expecting to topple the Illinois "champ."

DESERVES UNSTINTED APPROVAL.

If this democratic administration has performed no other public service than the enactment of the federal reserve act, it would deserve the unstinted approval of a grateful nation. Thanks to democracy and to democracy's great leader, the business man who is struggling to establish himself may now work out his destiny without living in terror of panics and hard times. The toiler in the factory may ply his tasks in security, knowing that his employer's business is safe from assault. The farmer who must borrow to move his crops may do so without spending his days in anxiety, his nights in nightmares of foreclosure and disaster. Truly the scholar-statesman, whose rod has struck the golden rock of America's resources, to set free the wealth imprisoned for half a century, is a Moses who has led America's industries from the wilderness of doubt and despair to the promised land of prosperity and hope.—From Gov. Glynn's keynote speech at the democratic convention.

DODGE EMPLOYEE TALKS FOR WIFE

Helpmate is Better Every Way Since Taking Tanlac.

The list of testimonials in behalf of Tanlac, the new preparation that has accomplished such remarkable results in thousands of cases all over the country, grows daily as new tests of its power are made. Among the many people of Mishawaka and vicinity who have derived benefits from Tanlac is Mrs. Josephine Maggart, 111 East Tenth st., Mishawaka, wife of James Maggart, an employee of the Dodge manufacturing Company, of this city. Mr. Maggart told of his wife's relief through use of Tanlac on October 21, as follows:

"The money I have paid for Tanlac has been well spent for my wife feels better in every respect since taking this medicine.

"For about a year Mrs. Maggart has suffered from stomach, liver and kidney trouble and she also has been bothered with rheumatism. Her appetite was very poor and the food she did eat did not digest properly. Severe pains across her back, caused from her kidneys, also bothered her and she had severe rheumatic pains in the joints of her limbs.

"I read in the newspapers about Tanlac and bought a bottle for my wife to try. She's improved in every way since taking this medicine. Her appetite is much improved and she's not bothered with indigestion now. Her kidneys also are in better condition, the pains in her back having disappeared. The rheumatic pains in her joints also have vanished.

"I recommend Tanlac because of what it did for my wife."

Commenting on the statement of Mrs. Maggart, the Tanlac man who is meeting the public of Mishawaka at the Red Cross Pharmacy, said:

"Experience has taught me that 95 percent of all chronic ill health is caused by stomach trouble, constipation, kidney and liver troubles, bad blood, nervous debility and even rheumatism, but behind all this is a catarrhal inflammation of the mucous membranes. Men and women of unquestioned honesty and integrity and now testifying daily that Tanlac relieves this very condition. They express their gratitude willingly because they have at last found a certain source of benefit."

Tanlac is now being introduced in Mishawaka at the Red Cross Pharmacy where a special Tanlac representative is explaining the new medicine to the public daily.—Adv.
